MAIN FEATURES

Compact, discreet video surveillance with megapixel resolution: Like all cameras of the LUPUSNET HD-Series, the LUPUSNET HD - LE950 model sports a fantastic equipment at a very reasonable price and is very easy to install. One of its most convincing aspects is not only its small footprint but also the 1,3 megapixel image sensor that delivers crystal clear images. And the 2-way audio transmission provides an additional surveillance and commucations tool from and to the camera. Finally, its powerful H.264 compression capabilities, WiFi and Ethernet connection, 3GPP Streaming and many more allow for an outstanding communication performance in every network.
